

How do you poster?

Meet my Epson Surecolor P9000, an 11-ink, wide-gamut, art and photography powerhouse, that produces 44" by X, H.D. prints on a variety of stock media. Posters are the industry standard for quick, disposable advertisement media. Don't settle for inferior print quality or high prices, see what I can do for you.

On-demand Printing

\$4 *Per Square Foot*

Glossy or Matte Paper
(print ready files only)

Custom Designed Posters

\$20 + \$4
per hr. design per square foot*

No set-up fees. *\$15 per stock image on custom designs.
